

## Article entitled " Skills for green jobs – a growing trend"

21/06/2019  European Skills Index, Future Jobs, Labour Market Context, EU, Denmark, Estonia, France, Germany, Spain, United Kingdom

The latest issue of Cedefop's magazine promoting learning for work "**Skillset and match**" hosts an article on "Skills for green jobs – a growing trend" by Cedefop expert Stelina Chatzichristou.

The article discusses the key findings from Cedefop's national studies on six EU countries concerning developments in skills for green jobs" and highlights the key findings stemming from the six EU countries (DK, DE, ES, EE, FR, UK) that Cedefop reported on, as part of its collaboration with the ILO in this field.

The May 2019 issue of *Skillset and match*, Cedefop's magazine promoting learning for work, is now available to [read and download](#).
